## About

Mountask is a powerful web application designed to help people get organized with their time and things to do in a simple and easygoing platform.

They can create, organize and coordinate their tasks with the help of Mountask to get work done faster and more effectively.

The perfect tool to keep up with daily tasks where clients will set and meet appropriate deadlines and/or track their weekly progress.

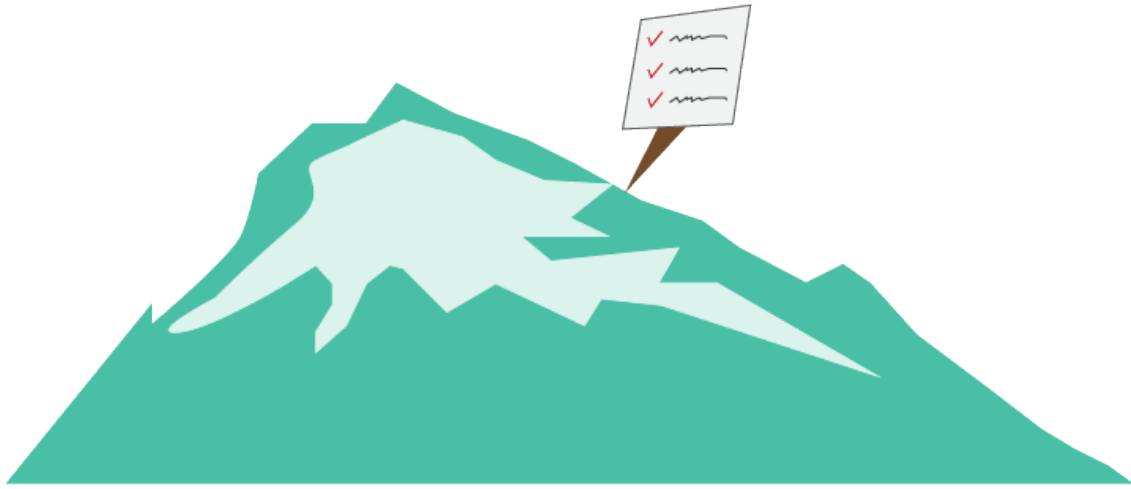

## Target Audience

Mountask is built and designed for everybody needs. Students, Entrepreneurs, Project Managers, Athletes, Doctors, etc.

Because of it-s design of its platform based on the functionality of a social network, Mountask results more attractive to young people men/women between 18 and 25 years old.

It is available for a reasonable rate every month and the Premium version is more powerful to people that is running a business.

## Logo Design and Branding

**MOUNTASK**

MOUNTASK

## Color Scheme

> Logo, background,  
accordions, gradients.

> Gradients,

> Buttons, gradients,  
logo font.

> Table hover

> Table titles, table buttons,
